

ATTENTION: GROUP ADMINISTRATORS IMPORTANT NOTICE | August 2024

SEASONAL FLU SHOTS

Help protect your employees by encouraging them to get vaccinated during this flu season.

UHA members can visit any participating pharmacy to receive a flu shot free of charge. Visit uhahealth.com/flushot to see the latest list of participating pharmacies.*

**The list of pharmacies is subject to change.*

We want your employees to be safe while pharmacies administer flu vaccinations. Here are some measures that we suggest to ensure everyone's safety:

- Provide a space to administer vaccinations.
- Have your employees fill out any required paperwork prior to their appointment.
- Ask participating pharmacies for more details about their safety precautions.

If your employees have questions about the flu, COVID-19, or vaccinations, encourage them to discuss with their healthcare provider or contact UHA's Healthcare Services Department at 808-532-4006. UHA members can also contact UHA to request assistance in finding a primary care provider.

» Learn more about the 2024-2025 flu season at www.cdc.gov/flu «

The flu can be serious. Make it a priority to get the flu shot. It will assist in keeping your employees healthy. Please share this flyer with your employees.

Worksite list attached
